

Are you a local artist interested in teaching classes? We have an amazing classroom space on Main Street in Downtown Hutchinson! Whether you are looking to teach once a month, or once a week; we are interested in meeting you!

We have an opportunity for a few makers to share our space. Be a guest artist and earn money by teaching classes without the overhead of owning your own studio. We are interested in expanding our Fine Arts offerings as well as other mediums and wood crafting! At Splinters-N-Rust we love collaborating with other artists, and we want to help you grow your following!

Contact us for more information about class % structure, marketing; as well as consignment opportunities in our retail area.

Message us, and let's connect!
